About the Catalogue

Anglicat is the catalogue for Anglican libraries in New Zealand and Fiji, and is the access point for finding books, articles, e-books and multi-media resources.

Books in Anglicat belong to several different libraries. In general library members can borrow from their home library as well as the John Kinder Theological Library, which also holds the Trinity Methodist Theological College Library

If another library holds a book that you need, we may be able to arrange that. Please contact us. E-books and articles can be downloaded directly to your laptop or mobile device, once you are logged in.

Tips for using the catalogue

This is an overview: more detail is on the sheets after this section called *Step by Step Guide to using Anglicat*. Remember, to search just the books we hold, you must ensure the drop down is set of 'Catalogue'. 

The image shows a search bar with a dark red background. On the left, the word "Search" is written in white. To its right is a white dropdown menu with a small downward arrow, currently displaying the word "Catalogue". Further to the right is a white text input field.

About KEYWORD searching:

- This is the best place to start when guessing the subject or title. The word order does not matter, and you don't have to enter every word in the title or subject heading. Enter only words you are sure about.
- Use only 'important' words (i.e. don't use words like 'of', 'in' or 'to') and remember that a word like 'God' or 'Christianity' is a very common entry in this catalogue!
- You can use the asterisk * to search only the stem of a word. For example, spiritual* will search for - spiritual, spirituality and spiritualism.
- This search automatically looks for **ALL** the words entered. If one of these is NOT found, then there will be no results. If you wish to look for **ANY** of the words you have entered, then type **OR** between them.

e.g.: prayers OR collects

- KEYWORD searching looks for words that appear in authors, titles, series, notes, or in subject entries.

Some examples of KEYWORD searches:

- lambeth conference
- franciscan spirituality
- liberation theolog*
- matthew commentar*
- mcgrath christian theology

About TITLE searching

The instructions above apply, except that only words from the title are searched.

About CALL NUMBER searching

Use this if you know the correct classification - or, after finding one book, use that classification to find similar items.

Some examples of CLASSIFICATION searches -

- BV 245
- This will find any items that begin with this notation. The space between the components is important.
- BV 24*
- This will find any items with a classification that that begins with this notation. So this search will include the results from the BV 245 search as above.

About ISBN searching

Enter the ISBN number of a title without spaces.

About AUTHOR searching

- Use this to establish the form of the author's name that is used in this catalogue if you want to find books from a particular author. For example, is he known as Allan Davidson or A K Davidson on his publications?
- It is best to begin with ONLY the surname and select the correct author from the resulting list.
- Remember that you can choose to simply put 'Davidson' straight into the search bar, or alternatively click the arrow on the 'Library catalogue' drop down and select 'Author'.

Your Library Account

When you sign up to become a library member you will receive a library card with a number on the back. This is your login number for the Catalogue. To request or renew books, or see what you currently have borrowed, you need to login into your account.

1. Head to anglicat.kinderlibrary.ac.nz and find the 'Log in to your account' box to the right, or at the very top of the screen in the right-hand corner.
2. Enter your library car number in full (note they are zeros and not Oh's) in the 'login' box, and the last four digits of that number as your password.

The screenshot displays the Anglicat catalogue website. At the top right, there is a navigation bar with links for 'Cart', 'Lists', and 'Log in to your account'. Below this is a search bar with the text 'Search' and a dropdown menu set to 'Library catalogue'. The main content area is divided into several sections: 'Home', 'Catalogue hints', 'Library membership', 'Topic guides', 'Church papers online', and 'APK Archives catalogue'. A 'New Titles' section features three book covers: 'Someone to believe in', 'The parish handbook', and 'Celebration of discipline'. On the right side, there is a 'Log in to your account:' section with input fields for 'Login:' and 'Password:', and a 'Log in' button. A red arrow points from the 'Log in to your account' link in the top right to a magnified view of this login form.

3. Once you're into your account, you'll see all your books on issue and their due dates, as well as a list of options shown down the left-hand side. From here you can do things like change your password, renew your books (once), updates your details (email, phone number etc), and see what books you've had out previously

Renewing books

Your books are issued for four weeks, as recorded on the date slip. However, if another borrower requests an item that is issued to you, you will be sent an email asking you to return it.

If you want to keep the item longer than four weeks (and no-one else has requested it) you can renew it once via the catalogue.

Click and Collect

Don't have time to come in and browse the shelves, or don't have a My Vaccine Pass? You can easily reserve books through Anglicat, and we'll find them for you.

1. Head to the catalogue.
2. Log in using your library card number (found on the back of your card) and password (last 4 digits of your card number) - note it is a zero **not** an oh.
3. Search for the book in the search bar.
4. Once you've found it, click into the record. On the right-hand side in a grey box there is the option to 'place reserve'
